Dear CIAND members,

Fall programming is in full swing for CIAND! Thank you to everyone who came out to our kickoff event at Gleaners Food Bank. We had 60 RDs and dietetic students in attendance, making it one of our largest events over the last several years. Evidenced based strategies for addressing nutrition and food insecurity in our communities are important, so be on the lookout for opportunities to volunteer with Gleaners to help them implement SWAP over the next few months.

The annual membership directory will be published later this month. There are 90 members with CIAND this year from a wide range of professional backgrounds! On that note, we are excited this year to offer an RD to student mentorship program. This is a casual mentorship program to help get students plugged in with local dietitians in fields of interest.

I encourage you to check out our calendar of events for the remainder of 2019. We have an upcoming journal club on team building, a tour of the Milk Bank of Indiana, a volunteer opportunity with the Girl Scouts, 2 scholarships to award, a networking night… and that’s just for 2019! Our 2020 line-up will be announced toward the end of the year.

Kate Beard, MA, RDN, CSP, CD

Scholarship:
- Fill out the scholarship form located on the CIAND website (click here).
- Email your application to Taylor (taylorclubb@yahoo.com)
- Include “CIAND Scholarship Application” in the subject line.

Due by Friday, Nov. 15th
